Dulles Outlines U.S. Policy On Disarmament

Senate Votes Change In Civil Rights Bill

WASHINGTON (AP) — The Senate made its first change in the civil rights bill Monday, voting 90-0 for an amendment designed to relieve Southern fears that school integration might be enforced at bayonet point.

While the unanimous vote removed one major Southern objection to the legislation, other big ones remained.

The roll call cleared the way for a vote — probably Tuesday — on a key amendment to strip the bill of all its enforcement powers except those protecting voting rights.

Vote Tentative Pay Hike For Postal Workers

WASHINGTON (AP) — Despite predictions of a presidential veto, the House Monday voted tentatively to boost the pay of some 518,000 postal workers \$546 a year.

The approval was by voice vote. A final vote on the measure was postponed until Tuesday.

The 518,000 employees, whose salaries now average about \$4,340 a year, would get a 12½ per cent increase. Fourth class postmasters would get a 12 per cent raise but not over \$546.

Several House members predicted veto in view of President Eisenhower's announced opposition to any general pay increase that might add to inflationary pressures.

Seek Rapist Who Killed 2 Officers In California

EL SEGUNDO, Calif. (AP) — A vast manhunt was organized Monday for the gunman who raped a 15-year-old girl, stole a car, then killed two policemen who stopped him for a traffic violation.

Police from five neighboring communities on the southern fringe of Los Angeles joined in the search after the bodies of El Segundo policemen Richard Phillips, 29, and Milton Curtis, 25, were found at 2:30 a.m.

Phillips was shot three times in the back. Curtis, also shot three times, managed to crawl back into the police car and gasp out a call for an ambulance over the police radio before he died.

His plea brought police cars racing to the scene within minutes, but the motorist already had vanished. The car he had been driving was found four blocks away. Its rear end was pierced by three bullets fired by the dying Phillips.

Police said the car had been reported stolen just an hour earlier by four teen-agers. The youngsters said a husky, blond gunman had surprised them in a lover's lane where they were parked, raped one of the two girls and then driven off in the car.

INCREASED VACATIONS FOR STATE EMPLOYEES

SPRINGFIELD, Ill. (AP) — State employees under the personnel code with 10 or more years of service will get three weeks' vacation, Gov. Stratton announced Monday.

Provision for the increased vacations are included in rules of the Department of Personnel, effective July 1. The rules deal with such matters as examinations, holidays, appointments, performance records, leaves of absence, promotions, transfers and demotions.

Gov. Stratton chose Hodge from a group of candidates for his heroic action in saving two teenage girls from a burning home. The girls, Sherry and Karen Olson, were trapped in the second floor when Hodge told them to jump. He used his husky build to break their falls. Neither girl was injured.

Minority Leader Knowland (R-Calif) and Sen. Humphrey (D-Minn) sponsored Monday's change, which would serve to repeal an old law authorizing the president to use federal troops to enforce court orders.

Knowland told the Senate the administration had no intention of using soldiers to carry out any court decrees which might be issued under the bill. But he said if the amendment would serve to relieve the fears of southerners in this regard it would serve a useful purpose.

Linked To Old Statute As the bill came from the House, it linked its enforcement provisions with a Reconstruction Era statute providing for the use of troops if necessary.

The opposition protested this would allow the government not only to force racial integration of the schools on the South but to use armed force to bring about other social changes there.

More Changes Likely Meanwhile, there were increasing signs the bill may be whittled down to a measure protecting only voting rights.

Two senior Republicans, Sens. Saltonstall of Massachusetts and H. Alexander Smith of New Jersey, announced they would vote to strike the controversial Section 3 from the legislation.

Injunctions This part of the bill would empower the attorney general to seek federal court injunctions against violations in the whole field of civil rights. Persons flouting the injunctions could be charged with contempt of court and tried without a jury.

Sen. Lyndon B. Johnson of Texas, the Senate's Democratic leader, predicted the measure could not be passed unless it is limited to voting rights.

Kewanee Youth Nominated For Bravery Medal

SPRINGFIELD, Ill. (AP) — Roy Eugene Hodge of Kewanee was nominated Monday for the Young American Medal for bravery.

The 17-year-old youth's name will be submitted to the national committee for Young American awards for bravery and heroism in Washington for the nation's highest award for outstanding courage.

Award winners will appear before President Eisenhower for presentation.

Gov. Stratton chose Hodge from a group of candidates for his heroic action in saving two teenage girls from a burning home.

The girls, Sherry and Karen Olson, were trapped in the second floor when Hodge told them to jump. He used his husky build to break their falls. Neither girl was injured.

Hodge was selected from a group of Illinois boys and girls who performed outstanding acts of bravery during 1956.

U.N. Announces Egypt Accepts Jurisdiction Of International Court In Suez Disputes

UNITED NATIONS, N. Y. (AP) — The U. N. announced Monday that Egypt has accepted the jurisdiction of the International Court of Justice in disputes arising out of the operation of the Suez Canal.

Mahmoud Fawzi, foreign minister of Egypt, told Secretary General Dag Hammarskjöld of his government's decision in a communication dated July 18.

The U. N. said the Egyptian decision will be transmitted to the international court at the Hague.

Egypt's action removed one major obstacle to agreement on operation of the canal. It means that Egypt has consented to go before the world court, in case a dispute arises over the canal, on the condition that the other parties in the dispute also recognize the court's jurisdiction.

Fawzi said the court was recognized by Egypt "in all legal disputes that may arise under" an Egyptian declaration of April 24. The declaration said the canal would be kept open in accord with the convention of Constantinople of 1888 and would be operated by an Egyptian authority.

THE WINNER AND NEW CHAMPION

Rex Henly in his green gravity-powered Number 32 pulled ahead of Phillip Howe in the championship race of the Jacksonville Soap Box Derby Sunday afternoon to win by two car lengths. Irwin (Sonny) Grant is shown as he snaps the checkered flag toward the south lane just as Henly crosses the finish line on the college hill "speedway." Henly piloted his car down the grade in a winning time of 44 seconds. He will go to Akron, Ohio for the national finals Sunday, Aug. 18, as color-bearer of the Jacksonville Journal Courier, which sponsored the local race in cooperation with the Exchange Club and John Ellis Chevrolet Company.

Doctor Says Lung Cancer Kills One Of Ten Smokers

WASHINGTON (AP) — The government's top cancer expert said Monday a man over 45 who is a heavy cigarette smoker stands almost the same chance of dying from lung cancer as "being hit by an automobile."

Dr. John R. Heller, director of the U. S. Public Health Service's National Cancer Institute, said about 25,000 Americans die of lung cancer each year—slightly over 1 per cent of all deaths.

If a person doesn't smoke, Heller said, his chances of acquiring lung cancer are one in 275. If one is a heavy cigarette smoker—two packages or more a day—his chances of dying from lung cancer are one in 10, the doctor said.

He said the chances of surviving lung cancer are slim, less than 5 per cent of those who get it live.

Heller added his voice to the argument over whether smoking causes cancer in a copyrighted interview in the magazine U. S. News & World Report. He said his agency is making an intensive study of the problem.

As to the effectiveness of filter cigarettes, which a congressional committee is investigating, Heller said:

"It seems to be factually correct that the presence of filters cuts down only slightly the amount of tars in cigarettes."

Britain Agrees To Help Sultan Of Muscat, Oman Crush Revolt

LONDON (AP) — Britain agreed Monday night to help the Sultan of Muscat and Oman crush a revolt in the oil-rich Persian Gulf area. The government made the decision in the face of warnings from Laborites that Britain may be heading into another crisis in the Middle East and another conflict of interests with the United States.

Foreign Secretary Selwyn Lloyd accused "outside" forces of stirring up the revolt against the Sultan and defended Britain's right to answer a friend's call for assistance—with troops if necessary.

Lloyd told the House of Commons "small-scale precautionary movements of our forces have already taken place"—but "no British troops are, as far as I am aware, at the moment on Muscat soil."

British commanders in the Arabian Peninsula were consulting with the Sultan on the best way to help him, Lloyd said, and "have been given discretion within certain limits to take military action."

Four of the Royal Air Force's biggest troop-carrying planes were rushed to the Middle East Monday. The Air Ministry said the transports would "undertake whatever air lift may be required."

Two were sent to the Arabian Peninsula and two to Nairobi, in Kenya, East Africa. Revolt in the oven-hot southeast

corner of Arabia broke out three days ago when tribal followers of the exiled Imam Ghaleb Ben Ali, religious leader of Oman, swooped out of the mountains and began attacking foothill villages ruled by Sultan Said Bin Taimur.

About 1,500 rebel tribesmen have taken control of 5,000 square miles of the interior, and were reported to have isolated Odaiba Airfield, only 15 miles from Muscat. The Sultan's private army of 400 men is officered by Britons.

The British foreign secretary did not name the outside forces he said were behind the rebellion, but British newspapers accused Saudi Arabia of arming the rebel tribesmen. Arabia's King Saud, beneficiary of big American oil royalties, is regarded as a friend of the United States. He has taken a lead role in swinging some Arab support to the Eisenhower doctrine against Communist infiltration.

Red Leaders Plan E. German Visit

BERLIN (AP) — Nikita Khrushchev and Premier Nikolai Bulganin plan to visit Communist East Germany next month on their satellite reorientation campaign.

An announcement Monday night by the official news agency ADN said the Soviet Communist party boss and Bulganin are coming at the invitation of the East German regime.

East Germany will be the second satellite to be host to the two Kremlin leaders since Khrushchev emerged on top in the latest battle of the Moscow struggle for power.

Some of the other 24 crew members said he had joined the ship before she sailed to Rangoon to pick up cargo for Israel.

The ship is carrying 3,337 tons of Burma rice and 15 cases of general cargo from Rangoon to the Israeli Mediterranean port of Haifa.

Bandit Robs Asheville, N.C. Bank Of \$42,857

ASHEVILLE, N. C. (AP) — A big softspoken bandit stuck up Wachovia Bank & Trust Co.'s Northside branch here Monday, herded nine persons into a vault and escaped with \$42,857 in cash.

"This is a holdup," the unmasked gunman, estimated to weigh 250 and stand 6 feet 4, told Cecil Talbot, in charge of the bank.

To each of five women tellers, the big man, carrying a sawed-off shotgun and pistol, tossed a paper bag.

"Fill 'em up," he ordered. The gunman then marched the tellers, Talbot and Robert V. Carter, in charge of the small loans department, toward the vault. En route he added a 16-year-old girl, who was in the branch to bank for her parents, and a customer who had just entered.

The nine entered the small room and the bandit swung close the heavy metal door. Still carrying his shotgun and pistol, he walked briskly out, passing an unsuspecting janitor.

Gardner Quits Sheppard Case After Cancellation Of Lie Test

COLUMBUS, Ohio (AP) — Mystery story writer Eerie Stanley Gardner said Monday night that the Court of Last Resort, which he heads, is withdrawing from the investigation into the Sheppard murder case. He said the action is a result of Gov. C. William O'Neill's decision to cancel a proposed lie detector test for convicted wife-slayer Dr. Samuel Sheppard.

Gardner, here for a meeting with other members of the court — a group of crime experts who seek to determine the innocence of persons they believe wrongly convicted of crimes — said on his arrival at Columbus Airport that the court would continue its investigation despite an almost complete lack of official cooperation.

Later, however, in a hotel room news conference, he said:

"We are just going to pick up the pieces and go back to making a living. We are going to get the hell out of here, and we are not coming back unless pressure from readers of the Court of Last Resort is so great that we must."

Gardner was obviously miffed by what he considered misinterpretation of the motive and actions of the "court" in its investigation into the "confession" last week by Donald J. Wedder, 23, a burglary suspect held at Deland, Fla.

Wedder said he killed a woman in the Cleveland area about the same time and under circumstances similar to the brutal murder of Mrs. Sheppard in the bedroom of her lakeside home at Bay Village, a Cleveland suburb.

"I made no inconsistent or conflicting statements in my report to Gov. O'Neill about Wedder. We have no desire to see Dr. Sheppard turned loose. We have no ax to grind. Many persons have pooh-poohed us (the court) as a commercial enterprise but I can assure you our interest in the matter is to see that justice is done."

Sees Control As Unmanageable If Agreement Not Reached Soon

WASHINGTON (AP) — Secretary of State Dulles said Monday the problem of controlling atomic-hydrogen weapons "may soon become totally unmanageable" unless Western countries and Russia agree on a first-step disarmament pact.

"As matters are going the time will come," he said, "when the pettiest and most irresponsible dictator could get hold of weapons with which to threaten immense harm."

Dulles appealed to Russia's leaders to accept the West's disarmament proposals to ease the "grim future" facing mankind.

Auditors Report GE Misstated Cost Of Air Force Contract

WASHINGTON (AP) — Government auditors reported Monday that General Motors Corp. overstated or misstated production costs on a 1952-55 contract for fighter planes and reaped \$17,459,000 in "excess profits."

The auditors blamed Air Force laxity, and "excessive estimates" and "incorrect" statements of cost by General Motors, for "unreasonably high prices being paid by the government."

They said the Air Force three times has appealed unsuccessfully to General Motors for a voluntary refund as "a matter of principle" and GM replied it saw "no reason" to readjust its figures.

The audit report, made by the General Accounting Office, was submitted by Comptroller General Joseph Campbell to a House Armed Services subcommittee.

Chairman Hebert (D-Ia.) called the figures "shocking" and "bordering on actual fraud."

"If a little businessman would do this," Hebert said, "he would be accused of keeping two sets of books."

General Motors issued a statement at Detroit calling the firm's profit on the contract "fair and reasonable."

"Profits on this entire contract was 11.3 per cent on sales before income taxes and 5.4 per cent after taxes," GM said.

The statement added: "Details of this contract have been a matter of public record for nearly two years," and that "cost and profit data on this particular contract" were given to "the same subcommittee" in September 1955.

The Air Force in Washington likewise had no comment.

Hebert said the subcommittee planned to take no further action immediately. He said, however, he expects the government to seek recovery of the money through renegotiation of the contract.

He also said Air Force contract negotiators should be "called on" (Continued on Page Seven)

HEAVY RAIN DAMAGES HOMES IN PEORIA

PEORIA, Ill. (AP) — A heavy rain-fall forced at least three families from their homes and damaged at least 150 homes in the East Bluffs section of Peoria Monday.

Water inundated a 12-block area causing damage estimated by a fire official as "in the tens of thousands."

Three families had to flee their homes as water rose above the first floor level, but they were able to return when the water began to abate.

There were no injuries reported. The U. S. Weather Bureau said the rainfall during a 3 hour period was 4.6 inches, but the U. S. Corps of Engineers said its gauges measured a fall of 2.8 inches during the period.

Woman, Convicted Of Slaying Children, Freed From Prison

ALDERSON, W. Va. (AP) — A British war bride who slew three of her four children at a lonely African military outpost left prison Monday to resume her married life.

Her freedom smile dying, Mrs. Eunice (Sally) Brillhart said, "I don't think the past will be brought up. I want to forget the past."

But the smile returned to full bloom when she described her tall GI husband's willingness to take her back as "the most wonderful thing that ever happened."

The good looking, brown-haired woman clung to the arm of Sgt. Robert W. Brillhart while answering questions at the gate of the federal reformatory for women.

The couple walked through the gate at 9 a.m. into warm sunlight bathing the rolling, southern West Virginia farm country. It was a mid-summer day nearly three years ago when Mrs. Brillhart entered the prison to begin a life sentence.

An Army court had convicted her of killing her children by dropping them on their heads while the family was stationed at Asmara, Eritrea, now part of Ethiopia.

The secretary laid down these views in his speech but expressed guarded optimism over prospect of East-West agreement, saying the Soviet delegation "has been talking with somewhat more realism and less bombast."

Backs Stassen's Plan Dulles reaffirmed and solidly backed the limited disarmament proposals advanced by Harold Stassen, chief American disarmament delegate, in months of negotiation with Soviet representatives and others at London.

The secretary offered no new concessions in his speech but expressed guarded optimism over prospect of East-West agreement, saying the Soviet delegation "has been talking with somewhat more realism and less bombast."

Main Aim Dulles' main aim seemed to be to jog Russia into some concessions which might make a limited disarmament agreement possible.

"The whole world faces a grim future if war threat is not brought under some international control," he said. "Mankind cannot long live under the shadow of such destruction as is now possible without great changes in existing physical, social, political and moral values."

"Time is not unlimited. Each year that passes without agreement adds to the technical difficulty of achieving adequate limitation and control."

Missouri Official Asks Stratton To Parole Leopold

SPRINGFIELD, Ill. (AP) — A Missouri official Monday asked Gov. Stratton to parole Nathan Leopold, who was sentenced to 99 years in 1934 for the murder of 14-year-old Bobby Frank.

Thomas F. Eagleton, circuit attorney of St. Louis, wrote Stratton in a letter made public Monday that he had been moved by Leopold's own plea to the Illinois State Parole Board.

The state parole board will meet here Thursday to act on Leopold's plea and will send its recommendation immediately to Stratton. The governor has indicated he will act on the recommendation about Aug. 10.

"I'm not attempting to insert myself into the affairs of the State of Illinois, but I do feel that this case is of such importance that I have a duty to express myself on it," Eagleton wrote.

Eagleton also sent Stratton a copy of a letter he had written previously to Leopold and members of the parole board.

In the letter to Leopold he said he was taking issue with persons who feel that an individual "must be sacrificed on the theoretical pyre of public symbolism" in order to serve as a deterrent to crimes by others."

DIAGNOSIS CORRECT

MILWAUKEE (AP)—Al Kalmbach took his car to the garage and complained of a strange noise.

The mechanic asked what the racket sounded like, and Kalmbach said, "Can't help you much. It's kind of hard to describe. It's sorta like stones in the hubcap."

When Kalmbach returned he asked, "What was it?"

"Stones in the hubcap," the mechanic said.

Trinity Parish Will Be 125 Years Old

Trinity Church, the oldest Episcopal parish in the state of Illinois, is planning to celebrate the 125th anniversary of its founding. The actual date of the signing of the original papers of association was August 11, 1832. However, since so many of the present members of the parish are away at that time, the celebration will take place on Sunday, Sept. 29.

Upon invitation of the present rector, The Rev. George D. Clark, and the wardens and vestrymen of the church, the former rector, The Rev. Reginald M. Harris, now of New Smyrna Beach, Florida, will attend the service and give the anniversary sermon. Mrs. Harris will accompany her husband.

The Bishop of the Diocese of Springfield, The Rt. Rev. Charles Asa Clough, has been invited to take part in the service. Present plans for the celebration also include a Parish picnic at Nichols Park for members of the parish and their friends. The rector and members of the vestry

hope that many friends of the parish within the community will make their plans to join in this special celebration of Trinity church.

LADIES OF GAR

MEET AT LEGION

Members of the Edward Gallagher Circle 122, Ladies of the GAR, met Thursday afternoon, July 18, at the American Legion Home.

Games were played and several prizes were awarded. Hostesses, Mrs. Sarah Wade and Ruth Robinson, served delightfully cool refreshments.

There will be no meeting in either July or August.

Alexander 4-H Members Present Unit Program

ALEXANDER—The Alexander Home Bureau met Tuesday, July 9, at the home of Mrs. Vern Bergschneider. The chairman, Mrs. Reece Kern, was in charge of the meeting that opened with the song, America the Beautiful.

Roll call was answered by 12 people citing what Home Bureau can do for 4-H. Guests present were Mrs. Bob Bergschneider and Mrs. Sylvia Strawn. Mothers of 4-H members present were Mrs. Joseph Bergschneider, Jr., Mrs. Niekerk and Mrs. Smith.

Reports were made by the vice chairman, health and safety and ways and means chairmen.

The meeting was turned over to Martha Niekerk, president of 4-H club. Ruth Ann Smith demonstrated how to cut a cake. Marie Johnson was assisted by Mrs. F. A. Johnson in demonstrating uses for an electric frypan by popping corn and making peach upside down cake.

Girls taking clothing projects modeled skirts and blouses they had made. Mrs. Sylvia Strawn judged garments and foods and awarded 4-H pins to the girls.

The program was presented by the young people. Beth Bergschneider played two piano numbers followed with a tap dance by Cathy Bergschneider and Susie Swain. There were two tap solos by Bonnie Luken, Terry Bergschneider and Joann Johnson.

Refreshments were the samples of the food prepared consisting of cakes and cookies. Punch was served by the hostess.

August is picnic month and the Alexander unit will have a family picnic at 6:30 p.m. Aug. 6 at Nichols park.

Abbott Family To Leave For Alaskan Base

Master Sergeant and Mrs. Paul R. Abbott and son, Steve, 11, are preparing to leave Wednesday for Fairbanks, Alaska, where they will make their home during the next two years.

The Abbotts are completing a month's visit with his mother, Mrs. Nina Abbott, 740 Bedford street, and her mother, Mrs. Henry E. Robinson, 993 North Prairie street.

They have resided during the past six years at Albuquerque, N.M.

Master Sergeant Abbott, a veteran of 16 years with the Air Force, will be stationed at Ladd Air Force Base in Alaska. He is attached to a Fighter Squadron in special weapons service.

The family will drive to Fairbanks over the Alcan highway, a distance of about 5,000 miles. They will visit a few days in Wisconsin before going on into Canada.

Funds Needed To Improve Exeter Cemetery

Exeter cemetery will be cleaned and moved regularly, the newly appointed board of trustees has announced in an appeal to all persons interested in the cemetery to contribute to its improvement and maintenance.

Bert Lawson, president, said "we plan to remove the dead trees, do some filling in and leveling in the near future."

A tall, woody grass has spread over all the cemetery, making it impossible for other grass to grow. Cemetery board members said frequent mowing is the only way to overcome this problem. The board will welcome contributions of either labor or cash, and will much appreciate the use of machinery in putting the cemetery in good condition.

Trustees of Exeter cemetery include Bert Lawson, president; Donald Korty, vice president; Vernon Krems, secretary; Nimrod Punk, treasurer; Annis Grady, Marie Berry, Leo Northrup, Lyle Mathews, and Elmer Beckman.

All contributions for cemetery improvements and maintenance should be sent to Vernon Krems, Bluffs Rural Route 1.

Cash contributions have been made this year by Leo Northrup, Mary Morris, George Berry, Newton Beavers, Ike and John Morris, Lee Morris, Mrs. Erickson, Mary Marie Brackett, Charles Six, Annis Grady, Crony Mills, Vernon Krems and Nimrod Punk.

Harry Grayson's

SCOREBOARD

By HARRY GRAYSON
NEA Sports Editor

NEW YORK (NEA)—Emil Lence was reminded that Hurricane Tommy Jackson was slightly unorthodox.

"Well," replied Promoter Lence, "if throwing punches for three minutes a round makes Jackson unorthodox, he most certainly isn't stereotyped."

Practically all of the stories from Harry's Farm on the Delaware River, where Jackson trained for his return match with Floyd Patterson, had to do with Nature Boy's Cloning. Those that didn't probed into his inner sanctums in an effort to get a slant on his thinking, if any.

Few have been disposed to take Jackson for just what he is and then go on to figure out just what chance the crazy-quilt cloutier has against Patterson in 15 rounds at the Polo Grounds on July 25.

As Tommy Loughran, the old light-heavyweight leader, points out, Jackson starts with his second wind. While the Hurricane can't dent an old felt hat, six feet two-and-a-half inches and 194 pounds is a lot of height and weight to be hurled at you for 15 rounds.

Jackson's whirlwind attack is his chief defense and to date this young man with the inexhaustible stamina has been immune to punishment.

Not even Patterson, the perfect boxer in the eyes of many, can have a plan of battle against Jackson. The reason is simple. Jackson doesn't know what he is going to do himself as he wades in slapping, backhanding and double upcutting. As someone remarked, as champion Jackson would have schoolboys fighting backwards.

Freddie Brown insists that Jackson is cute in his own way, although this is hard to observe from a ringside seat.

"He lets go with some good ones here and there," testifies Trainer Brown. "He's more effective inside than you'd suspect. The reason is that he never holds and the other guy never gets any rest."

Jackson deserves to be better than a 4-to-1 underdog. In 15 rounds, as opposed to the 12 he went with Patterson 13 months ago, the Hurricane could stir up considerable trouble.

Harry Kessler, the most competent of the three officials in their previous outing, gave the decision to Jackson, only to be outvoted by two judges. A number of school observers agreed with the referee on the ground that Jackson never stopped lugging the head-aches. Nat Fleischer, editor of Ring magazine, was one. George Parnassus, the veteran manager, was another. A couple of old-line boxing writers concurred, including this one.

Jackson made a strong fight, had a couple of big rounds. The ninth is remembered because it was then that Patterson looked like an awfully tired youngster. To the former Olympic champion's credit, he bounced back like an election repeater.

Floyd Patterson had better not be tired in the ninth round this trip.

Merchants Drop
5-2 Encounter
To Winchester

WINCHESTER (Special)—Jim O'Donnell twirled six-hit ball to pitch Winchester to a 5-2 decision over the league leading Merchants here Sunday afternoon. It was the second loss of the season for the Merchants, who had won 10 straight after dropping their opening game of the season to Beardstown.

O'Donnell, in beating the Merchants for the first time this season, permitted only three walks and whiffed 12 batters.

Winchester picked up a pair of tallies in the second frame on three hits and a hit batsman to wrap up the decision.

Football Star,
Roy Barni, Killed
By Rowdy Patron

SAN FRANCISCO (AP)—Pro football star Roy Barni died early Monday, four hours after he was shot while escorting a boisterous patron from his tavern.

Police jailed James D. Invernizzi on suspicion of murder.

Invernizzi, a 62-year-old beer truck driver and an old neighborhood friend of Barni's, said it was "all a mistake."

"I didn't know it was Roy," he said. "I just lost my brains."

Police said Invernizzi fired three bullets into Barni while the 30-year-old athlete was escorting him out of the tavern.

Witnesses said Invernizzi became noisy and profane in an argument with Tom Botti, another neighborhood friend. Botti had accidentally killed Invernizzi's son 19 years ago.

Barni, on the way home from a movie, stepped into his tavern and broke up the argument. According to Botti, Invernizzi shot Barni while being escorted out.

Barni, a halfback with the Washington Redskins, had a three-year-old child. His wife, Gloria, is expecting another in November.

After playing on the University of San Francisco's undefeated team in 1931, Barni played professionally for the Philadelphia Eagles and the Chicago Cardinals. He was to leave for the Redskins' training camp next week.

Chicago added another pair in the fifth off Miller and three more in the eighth on Walt Droppo's three-run homer off Wilmer (Vinegar Bend) Mizell.

Mystified by the fine southpaw pitching of 17-year-old Jim Derington, the Cardinals finally broke into the scoring column with two runs in the seventh. St. Louis picked up another pair in the ninth off Bill Fischer who worked the last two innings.

NEW YORK (AP)—Pedro Ramos of the Washington Senators who needs only to yield three more home runs to set an American League mark, and Robin Roberts of the Philadelphia Phillies, the majors' record holder, have given up the most gopher balls this season.

Figures compiled by The Associated Press disclosed Monday that Ramos, a 22-year-old right-hander with a 6-8 wonlost slate, has allowed 32 homers in 140 innings. The American League standard is 34 set by Camillo Pascual of the Senators last season.

Roberts has permitted 28 circuit blows in 156 innings to lead the National League. The 30-year-old right-hander, who has lost seven games in a row, established a major league mark in 1936 when he was tagged for 56 gophers.

INDONESIA WITHDRAWS TROOPS FROM UNEF

UNITED NATIONS, N. Y. (AP)—Indonesia is withdrawing its unit of 500 soldiers from the U. N. Emergency Force in the Middle East, apparently for economic reasons.

This will be the first break in UNEF ranks since the force went on duty last winter. The UNEF, made up of 6,064 soldiers contributed by the smaller nations, moved into Egypt and to the Israeli border to patrol and supervise the withdrawal of the Israeli army after the invasion of Egypt's Sinai Peninsula last fall.

Jim Jarrett and Jack Hennen, North Dakota freshman football players, were straight A students in their first semester.

Chisox Bomb Miller,

Hall Of Fame Game

COOPERSTOWN, N. Y. (AP)—The Chicago White Sox bombed Bob Miller, an 18-year-old bonus pitcher, for eight runs in a big third inning Monday and coasted to a 13-4 romp over the St. Louis Cardinals in the annual Hall of Fame trophy game at Doubleday Field.

Twelve White Sox went to bat in the big inning for four singles, two doubles, and a two-run homer by Jim Rivera.

Chicago added another pair in the fifth off Miller and three more in the eighth on Walt Droppo's three-run homer off Wilmer (Vinegar Bend) Mizell.

Mystified by the fine southpaw pitching of 17-year-old Jim Derington, the Cardinals finally broke into the scoring column with two runs in the seventh. St. Louis picked up another pair in the ninth off Bill Fischer who worked the last two innings.

NEW YORK (AP)—George Christopher, mayor of San Francisco, said Monday he feels the Giants baseball club is "irrevocably lost to New York City," and San Francisco "has a 90 per cent chance of getting" the club.

"I feel that if I have not a signed document in 30 days, the matter will be finalized beyond my control," he said.

Asked by newsmen if he thought the possibility was now stronger than ever for the Giants to move to San Francisco, he said, "I think the Giants are irrevocably lost to New York City. I would say San Francisco has a 90 per cent chance of getting the Giants. Other cities have a 10 per cent chance."

Asked by newsmen what other cities he had in mind, he said, "It might be Minneapolis." He mentioned no others.

Four Navy Men,
Two Women Seized
On Kidnap Report

ST. LOUIS (AP)—Four Navy men and two women were seized by police Monday on a report by a Naval aviator that he was kidnaped at gunpoint in Washington Saturday night and forced to drive to this area in his own car.

Air Technician 2C, Richard E. Houchins, 25, of Washington, told officers he knew of no reason for the kidnapping except he was told several times "we had to have a car to get out of Washington."

Houchins said he was accosted by an armed man when he stopped to go into a Washington sandwich shop about 11 p.m., Saturday. He was forced at gunpoint to get into his own car, he said, and they later picked up the three other men and the women.

Houchins, who is stationed at Anacostia Naval Air Station in Washington, notified police shortly after he was released Monday at the St. Louis Municipal Airport.

The arrests followed in nearby Alton and Edwardsville, Ill.

Authorities described the four men as sailors absent without leave from a naval installation in Boston and the women as Boston bar maids.

All were under questioning Monday night by FBI agents.

Those taken into custody were booked as James Henry Hammond, 30, formerly of Edwardsville; Burgess Michael Duncan, 21, of Turtle Creek, Pa.; Claude Hammons, 22, of Baughman, Ky.; Mary Esther Itr, 31, and Ruth Joan McGuire, 27, both of Boston.

Pageant officials disclosed Monday they are definitely planning to tighten entrance requirements in an effort to avoid the embarrassing developments that followed selection of Miss U.S.A. and Miss Universe at the pageant last week.

New York Stock Market

NEW YORK (U-P) — The stock market put in another dull and irregular session Monday with changes narrow except for a handful of selected issues. Among pivotal stocks the range of \$1 to the upside or downside was enough to take care of most fluctuations. The market was mixed at the opening, which was fairly active. Turnover slackened thereafter and values held up pretty well until late in the afternoon when there was some softening. This resulted in putting the market statistics slightly on the downside. Steels maintained a slight edge to the upside. Aircrafts wilted late in the session. Among most other major divisions the situation was ragged most of the day.

There was nothing in the way of outstanding news to prompt a change in the general trend. The Associated Press average of 60 stocks dipped 20 cents to 166.60 with the industrials unchanged, the rails down 30 cents and the utilities down 20 cents.

Volume totaled 1,950,000 shares compared with 1,930,000 Friday. On the American Stock Exchange prices were irregularly lower volume totaled 830,000 shares compared with 930,000 Friday.

GRAINS REGISTER SHARP PRICE DROP

By EARL AYKROID
CHICAGO, (U-P) — Grains turned sharply downward in late dealing on the Board of Trade Monday.

New style July wheat lost nearly four cents and July soybeans fell back nearly seven cents.

This was the last day for trading July 1957 contracts and those remaining open after Monday must be settled by delivery of the actual or cash grain.

The evening up process resulted in lower prices of the July contract and this action tended to unsettle the more distant futures.

"Edge selling against a moderate increase in receipts of grains at terminal markets was another factor as well as slow foreign demand for U. S. grains.

New style wheat closed 1 to 3 1/4 lower, corn 3/4 to 1 1/2 lower, oats 1/4 lower to 3/4 higher, rye 2 1/2 to 3 1/2 lower, soybeans 2 1/4 to 6 1/4 lower and lard 5 to 15 cents a hundred pounds lower.

Wheat futures got off to what appeared to be a firm start on expectations of heavy buying by flour mills. This failed to materialize, however, and selling resulted.

Soybeans also showed strength in early dealings but later fell back as selling developed in the new crop deliveries, influenced by a favorable five-day weather forecast.

New York Bond Market

NEW YORK (U-P) — The bond market closed on the downside Monday after a firm start.

Several popular issues took losses ranging from \$1 to more than \$4. There were a few gains of \$1 or more, but the wider swings were mostly in the minus column.

U. S. treasury bonds continued their downward drift in quiet over-the-counter dealings.

Corporate bond sales on the New York Stock Exchange totaled \$3,089,000 par value vs. \$4,030,000 Friday.

NEW YORK (U-P) — The stock market put in another dull and irregular session Monday with changes narrow except for a handful of selected issues.

Among pivotal stocks the range of \$1 to the upside or downside was enough to take care of most fluctuations. The market was mixed at the opening, which was fairly active. Dying Man Tells Police Gun Wound Was An Accident

A coroner's jury returned a verdict Monday evening declaring that the death of George Bruner, 60, of 607 South West street, was accidental due to a gunshot wound from a 410 shotgun which accidentally discharged as he hit a post on the porch of his home Sunday evening.

The dying man told police early Monday morning that a wound in his chest was inflicted when the 410 shotgun he was carrying accidentally discharged.

Bruner was found on the back porch of his home at 12:33 a.m., and died at Our Saviour's Hospital at 5:15 a.m. He was an employee of the Illinois School for the Deaf.

The foreman of the jury was Ray Berry; other members were John Dunn, Henry B. Watson, George Tydings, Fred Cheaton and Art Harris. Coroner Sample presided at the inquest.

Police received a call that a man had been shot on South West street. They found Bruner on the porch, suffering from a chest wound. He appeared to be fully conscious and told four officers, including Capt. LeRoy Leach and Patrolmen Quinlan, Cooney, and Daniels, that the shooting was accidental.

"Head Dogs Barking"
According to a verbal statement to the officers, Bruner said he heard "the dogs barking" and took a 410 Mossberg to the back porch. It was there that the weapon discharged, the charge striking him in the lower chest.

The wounded man was rushed to the hospital in the Cooney ambulance. The attending physician reported that powder burns existed around the wound.

Coroner Elmer Sample was notified, and with police, began an investigation of the tragedy.

Mrs. Hattie B. Bruner, wife of the shooting victim, was sleeping on the first floor and was awakened by the report of the shotgun.

A son, Willis, who had gone to the second floor a short time before, heard the report. Both hurried to the rear of the home where they found Bruner, clinging to the side of the porch.

Father of Fourteen
Mr. Bruner was born Nov. 16, 1896 at Fulton, Mo., the son of Farris and Gertrude Hubbard Bruner, residents of Fulton. He was married to Hattie Buckner who, with his parents, survive.

They were the parents of fourteen children, thirteen of whom survive. One son was killed in service in 1944.

The following children survive, Mrs. Marybelle Sheet and Mrs. Helen Brown, both of Auxvasse, Mo.; Mrs. Myrtle Galbreath, Des Moines, Iowa; Mrs. Gertrude Lee and Mrs. Roberta Lee, both of Fulton, Mo.; Georgia Mae and Laura Belle, at home; William Lee Bruner, Mexico, Mo.; James H. Bruner, Charles Bruner and Wilbert Bruner, Jacksonville; Robert Bruner, Springfield and Willis Bruner, at home.

There are 32 grandchildren and one great grandchild. A sister, Mrs. Myrtle Williams of Fulton, Mo., also survives. Two brothers preceded Mr. Bruner in death.

Several nieces and nephews survive. The deceased was a member of the New Richmond Baptist church at Fulton, Mo., where funeral services will be held at 2:30 p.m. Thursday with the Rev. P. H. Gilmore officiating. Burial will be in the New Richmond cemetery.

The body is at the Gillham Funeral Home where the family will meet friends from 7 to 9 o'clock Wednesday evening.

The comptroller general, in his letter transmitting the audit to Congress, said "overestimates" of costs by GM totaled \$8,322,000.

Mrs. Ollie Smith, of White Hall, died at 8 p.m. Sunday at Passavant hospital, Jacksonville, where she had been a patient since suffering a fractured hip in a fall five weeks ago. She was 88 years old.

Mrs. Ollie Smith had made her home with Mr. and Mrs. Roy Hutton, in White Hall.

She was born Dec. 11, 1868, in southern Illinois, and was the former Ollie Beck. She was married to Frank Smith, who is now a patient at the Duncan nursing home in Jacksonville.

Besides her husband, she is survived by one brother, Ben Beck, Pierson, Fla., and one sister, Mrs. Pearl Webb, Columbus,

ON TO AKRON, OHIO AUGUST 18

Jacksonville's Soap Box Derby winner, Rex Henly, receives his trophy from John Ellis of the John Ellis Chevrolet Company, as the event is announced by Exchange Club announcer, Dick Stratman, right. Young Henly will compete in the national Soap Box Derby at Akron on Sunday, August 18. The Derby is sponsored locally by the John Ellis Chevrolet Company, Exchange Club, and Jacksonville Journal Courier.

Rex Henly, 15, Wins 20th Annual Soap Box Derby In Jacksonville

An estimated 1,000 people watched Rex Henly of 911 West College avenue win the 1937 Jacksonville Soap Box Derby. His green Number 32 streaked across the finish line two car lengths ahead of Phillip Howe in car 25 in the final race of the day Sunday.

Not all of the afternoon's excitement was furnished by the championship race, however, in the 15th heat the steering cable of a car driven by William Brown broke and the vehicle veered into the crowd on the West College Ave. "speedway."

Forty-eight boys in their gravity-powered racers sped from the ramp located in front of Illinois College's Tanner Memorial Library down the block and one half course to Prospect Ave. in the single elimination event. The loser in each race was eliminated and the winner advanced to the next race.

In this way Rex, the 15 year old son of Mr. and Mrs. Rex O. Henly won a beautiful trophy, a free trip to Akron Ohio and a chance to win a \$5000 scholarship.

Rex was sponsored by Purity Cleaners. He has been in five previous races, winning the trophy for the best upholstered car in 1936. He and his new racer sped to victory in 44 seconds. The overall weight of the car and boy must not exceed 250 pounds according to All American Soap Box Derby Rules. Rex in his racer weighed 249 pounds with the racer accounting for 101 pounds of the weight.

In an interview Rex said that his advice to any other boys would be to "build their cars strong with good brakes and steering" mechanisms.

Girls Leave Hospital
Norma and Fonda Siegrist of 425 East Vandalla Road and Becky Withers of 729 West Douglas avenue, were injured and taken to Our Saviour's hospital by Chief of Police Ike Flynn when the Billy Brown car went out of control and careened into the crowd of spectators lining W. College avenue.

Norma suffered a minor cut on her foot. Fonda's legs were injured as she was struck by the car and Becky suffered multiple lacerations. None of the girls were badly injured and all were released after they had been examined for possible fractures.

Present Many Trophies
Dickie Stratman received the Craftsman tool board given by Fanning Oil Co. for the best constructed car. Dickie was sponsored by DeWitt Motor Co. The trophy for the best designed brakes went to Jack Lukeman sponsored by the Lukeman Motor Co. and the trophy for the best upholstered car given by the Journal Courier went to Jerry Henry sponsored by Due Bros. and Garry. Jerry is the brother of Rex Henly who won the race.

Other trophies presented by the John Ellis Chevrolet Co. went to Mike Dicks, 3rd place class B; Jimmy Lee McGownd, 2nd place class B; Joe Bond, 2nd place class A; and Eddie Crandall 2nd place class A. The second place trophy given by the Exchange Club was awarded to Phillip Howe.

Before the race each driver received a helmet from the John Ellis Chevrolet Co. and a T-shirt given by the Jacksonville Journal Courier Co.

Boys "Parade To Post"
Before the race all the drivers gathered at the finish line and marched up the raceway to the ramp escorted by John Ellis and Ike Flynn.

The lumber for the starting ramp was furnished by the C. A. Dawson Lumber Co. and the construction was done by the local

Preservation of Corn History for Future Allotment Programs
Nimrod Funk, chairman of the Scott County ASC committee, is reminding corn producers who have underplanted their allotment that they may receive credit as planting their full allotment by filing a request with the county office. This will retain the past corn history of the farm for future allotment program. He pointed out that the request must be made by filing Form MQ-31 with the local office on or before August 1.

Farmers generally are being advised of this provision by the reporter at the time of the corn measurement, however, all producers should feel free to call at the office prior to August 1 to execute the required form.
